# Hello!

All of us have used a computer.

Now a days even a smartphone has a powerful computer embedded. The avalanche of AI (Artificial Intelligence) in forthcoming years demands our kids to be equipped with skills we never considered necessary. The manner in which we do business, run manufacturing units and give services is set to change drastically. Also the nature of jobs and skills needed will change as we never imagined possible in human history.

Coding is accessible at all ages, for all students, regardless of age, current level of skill or background. We develop these skills in students by teaching them in classrooms on tools & programming languages developed by MIT, Google, Apple, Sun Microsystems which augment their Sr. Secondary School curriculum as well.

We are currently offering four levels of interactive classroom courses for students in class 1st - 12th : Beginner, Intermediate, Advanced & Pro

## ➤ Beginner

- Block Coding
- GUI
- Game Design
- Animation
- Artificial Intelligence

## STEM Coding School

LIFE ORIENTED EDUCATION

## ➤ Intermediate

- C++ / Java / Python
- Data Structures & Algorithms
- Web Development
- App Development – iOS/ Android

## ➤ Advanced

- Augmented Reality
- Internet of Things
- Artificial Intelligence
- Preparation for Coding Competition by TOP Softwares Orgs like **Apple, Google, Microsoft....**

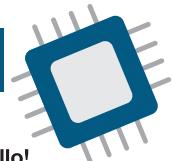

## ➤ Pro

- System Testing
- Performance Engineering,
- Hackathons & Ace Technical Interviews

# STEM Coding Event

Hello!

All of us use computer, mobile, app, website, smart device. But no school is teaching our children, how to develop them.

This 1 Day event will provide an introduction to Coding. This event will add a quantum of confidence to the psyche of the participants. It will propel them towards an essential skill that they are bound to need in the near future. We'll ensure that the children feel the fun, acquire a sense of achievement and gain a sense of reassurance that coding can be learnt while having fun and with ease

Think, create and invent technology

## When & Where

Day :

Time :

Venue :

## What we cover

### Fundamental Block Coding

- Sequence
- Loops
- Events
- Game Design

## Other Details

For ages 9 - 15.

Bring your own laptop and internet if possible.

May also use computers provided at venue. Registration required 1 week before event.

## Find out more about attending coding classes

### Contact :

### Address :

**STEM Coding School LLP**

44/1, Body Guard Canal Road, Dehradun (Uttarakhand) 248001

Run by software professionals having experience with

Scratch Python C++ Java Algo++ Android/iOS App Dev  
Coding Competitions Interview Prep Robotics AI Test Engineering

Courses Offered:  
Beginners, Intermediate,  
Advanced and Pro

Tear off and return this form to Reserve Your Spot at STEM Coding Event

## Signup Form

We're really pleased to hear that your child is interested in STEM Coding Event. Please complete the details below and return this form to the event organizer school to give your child permission to attend the event.

You are also invited along with your child to learn. STEM Coding Event is a whole family event at which the child and their parents do their first hour of computer programming - together! At this special event of learning and fun, you'll play in parent-child teams to complete fun puzzles and challenges at your own pace, and learn core concepts in coding in this very first hour . No coding experience needed, a great experience to share with your kids!

At this event we will be taking photographs of individuals and groups, audio and video clips ("images") to use in our promotional materials, social media pages, and on our website. We do this so that we can celebrate the fantastic community of young people that are taking part in the event. These images are Personal Data and we promise to use them only to promote and advertise the aims and work of STEM Coding School LLP.

We'll see you at STEM Coding Event !

Child's Name & Age	
Parent/Guardian's Name	
Parent/Guardian's Email	
Parent/Guardian's Phone Number	
Relationship to Child	
Want to participate along with your child	
Can you bring 1 laptop or tab per Pair of attendees?	Yes / No
Can we use your and your child's images?	Yes / No
Signature	Date
